

How about a nice relaxing one week stay at the Stoker's Manasota Key Beach House?

Yes, one lucky winner and their guests (maximum occupancy 12) will get to enjoy a one week stay.

Our 6/5 beach house is great for small and large families alike. It also works out well for small groups of friends looking for that secluded hide-away or great fishing spot.

Manasota Key, Florida

Our beach house is somewhat unique in that it has separate upper and lower living quarters. With this design, you'll find that even with larger families, you won't be tripping over each other.

House of Snook is located just 90 minutes south of Tampa and directly on the Gulf of Mexico.

This beautiful beach front home rivals many tropical destinations!
