

June 4th – 8th Star Wars

Are you a part of the rebel alliance or are you a member of the Imperial Galactic Empire? If you are, then Star Wars week is for you. We will use the "force" to explore magnetism, create our own R2D2's, make light sabers and participate in Padawan training. "Luke, I am your father."

June 11th-15th Pioneer

If your child has interest in the pioneer days, look no further!! Pioneer Week delivers exploration, activities and crafts that will help them experience those good ol' days! While making butter, rag dolls and even playing a fun game of button whirligig, they will learn what it was like to go into unexplored territory, and live like the Pioneers!!

June 18th-22nd Culinary

Let the cooking extravaganza begin! Students will create delicious foods while having a blast learning to cook, appetizers, entrees, and desserts. They will learn to use a variety of ingredients to create delicious flavors and learn basic kitchen safety. They will gain confidence to take their new skills and knowledge home to cook for their families and friends. Who will be the next "Master Chef Jr."?

June 25th-29th Artisan

Students will explore classical and contemporary art concepts while experimenting with a variety of media, to create original works of art. Inspired by digital gallery visits, and layers of art history, students will enjoy a week filled with creativity.
